através de una mirada analítica y precisa el autor desglosa la legislación sobre el aborto en España desde el último cambio en el año 2010 mostrando lastorpezas tropiezos y tropelías de la ley del aborto mediante la yuxtaposición de la misma con el código civil el código penal la constitución la doctrina universal de la ley la rotundidad y contundencia del sentido común mientras el autor escudriña los riesgos de la legalización del aborto y su repercusión jurídica y social se pregunta cuál es un estado que ampara el aborto ser acusado de genocidio encontramos la respuesta en la minuciosa disección que ofrece el autor la cual nos acaba de convencer en una realidad que hasta ahora podía pasar desapercibida pero que ciertamente auspicia el amor al prójimo y el respeto por la vida valores fundamentales que son patrimonio del ser humano pero que parecen desdibujarse y fragmentarse medida que nos adentramos en el controvertido terreno del aborto tan enmarcado por la vorágine de ideologías que habita nuestro mundo globalizado sin duda un libro que le habla a nuestra conciencia y brinda argumentos a todo aquel que apuesta por la vida y el derecho a la misma todo un ejercicio crítico y a la vez humano y constructivo
