capturing the core challenges faced by the international tax regime this timely research handbook assesses the impacts of these challenges on a range of stakeholders evaluating various paths to reform at a time when international tax policy is a topic high on politicians agendas

within the european union direct taxation is an area which often provokes controversy due to tensions between the tax sovereignty of the individual member states and the desire for an integrated internal market this book offers a critical review of the legislative and case law developments in this area at the eu level and reviews the european commission s proposed solutions in light of their concerns regarding the proper functioning of the eu s internal market luca cerioni set out a series of benchmarks determined from the objectives expressed by the european commission including the elimination of double taxation and double non taxation the simplification of cross border tax compliance the reduction of abusive forum shopping practices and general aggressive tax planning strategies legal certainty for all businesses and individuals carrying on activities and receiving income in more than one eu member state cerioni uses these benchmarks to ask which directives and or rulings have left legal uncertainty and which have ended up creating or increasing the scope for aggressive tax planning the book puts forward a comprehensive solution for a new optimal regime relating to tax residence which would contribute to the eu project to the mutual benefit of member states and taxpayers as a thorough and critical discussion of eu tax rules in force and of the european court s case law in direct taxation this book will be of great use to academic researchers and students of eu law tax practitioners and policy makers at the eu and national level

business models adopted by insurance companies and comparative analysis of double tax treaty policies adopted in a number of countries with respect to the permanent establishment provision in the insurance business highlighting Switzerland for comparative purposes in a concluding chapter the author proposes changes to the definition of the dependent agent permanent establishment currently enshrined in the model treaties and their respective commentaries aligning such a definition to the regulatory framework in which insurance companies conduct their business in countries other than that of incorporation as a highly significant and timely contribution to the study of the interplay between insurance regulation and tax implications this very original work will prove of especial value to practitioners in international tax and insurance law as well as professionals in the financial services sector and tax academics

the power of a country to freely design its tax system is generally understood to be an integral feature of sovereignty however as an inevitable result of globalization and income mobility one country's exercise of tax sovereignty often overlaps interferes with or even impedes that of another in this collection of essays internationally respected practitioners and academics reveal how the OECD's base erosion and profit shifting BEPS initiative although a major step in the right direction is insufficient to resolve the tax sovereignty paradox each contribution deals with different facets of a single topic how tax sovereignty is shaped in a post BEPS world the contributors provide in depth analysis of such relevant issues as the following by multilateral cooperation and soft law consensus are the preferred solutions to a loss of autonomy over national tax policy how digital commerce has upended traditional notions of source and residence why residence and source continue to be the two essential building blocks of tax sovereignty and the backbone of the international tax system how developing countries can take advantage of the new international tax architecture to ensure that their voices are truly shaping the standards and transfer pricing reform collectively the authors provide an authoritative commentary on the necessary preconditions for exercising the power to tax in today's world their perspectives and recommendations will prove of great value to all policymakers legislators practitioners and academics in the international taxation arena

Bachelor thesis from the year 2019 in the subject law tax fiscal law grade a university of Nairobi school of law

course dissertation language english abstract this dissertation explores the concept of the digital economy its rapid growth and the tax challenges it has introduced both locally and internationally it examines the general characteristic of a sovereign state and its inherent right to tax source on income generated within its jurisdiction the dissertation attempts to investigate the taxability of the digital economy where business is conducted without the requirement of a physical presence a pre requisite for tax administration how can states and especially kenya detect permanent establishment for purposes of tax administration for an economy that is heavily reliant on intangible assets and a business model based on data network effects and user generated content it therefore focuses and looks at the scope of kenya s legislative and policy frameworks and its effectiveness in taxing the digital economy digital businesses and especially multinational digital enterprises have been able to take advantage of the tax laws and policies that were written for an industrial age and are ill suited for today s digital economy the action plan on base erosion and profit shifting by the organization for economic co operation and development set out to answer the fundamental issues of beps aggressive tax avoidance planning strategies but it in itself fell short of expectations as it was not able to recommend practical implementable solutions that would close the gaps that exist in the digital economy tax administration the findings revealed that beps is not a single problem faced by all states but states face different beps problems and evaluate them from their own state centred perspectives hence the development of many interim measures by different states to tax the digital economy as the international community is still trying to come to a consensus on the possible practical solutions the current kenyan tax framework on taxation of the digital economy is obscure as only recent bills tabled in parliament try and address the issue in depth in light of the findings of this research it was established that the problem is not so heavy on laws and regulation on taxation of goods sold electronically but rather implementation of the applicable laws where they exist the paper finally recommends possible amendments to the kenyan legal framework and the proposed amendments are assessed by means of comparison with what has taken place in other jurisdictions

taxation and zakat on islamic finance instruments feature essays covering islamic finance practice and the tax hurdles faced in different jurisdictions the book highlights how the distinguishing features in islamic finance do not hamper the economic purpose of most product structures therefore it makes a strong case for according tax

neutrality for a level playing field enabling access to finance in developing countries fostering financial inclusion of voluntarily excluded faith conscious people and bringing competitiveness to the financial industry this book gives an account of the taxation framework in a diverse set of regions and countries and provides a comparative look to see how and where progress is made and how different countries were able to have assimilation at a greater speed than others the book also attempts to highlight the ground realities and the common issues faced in current practice it attempts to be relevant for active policy making in the current scenario by giving a detailed and up to date account of developments in the taxation and regulatory framework for islamic finance in major regions where islamic finance has a greater presence and where the potential for future growth is high the book gives due coverage to the taxation issues arising in islamic banking and islamic capital markets as well as how to apply a unique islamic approach to curb the concentration of wealth through the institution of zakat in contemporary economies and financial instruments

environmental performance review bulgaria

academic paper from the year 2019 in the subject business economics accounting and taxes grade 100 kenyatta university language english abstract taxes play a crucial role in the development of a nation in kenya tax revenues have always failed to reach the anticipated collection targets due to many factors the taxman has had to develop policies that aim at reforming tax management and achieve the set targets in this regard the researcher seeks to study the effects of rental tax reforms on revenue collection by the kenya revenue collection agency as the main objective the specific objectives of this study are to identify the effect of monthly rental income on rental revenue collection to determine the effects of withholding rental income on rental revenue collection to find out the effect of tax amnesty on rental revenue collection and to investigate the effect of block management systems sector on rental revenue collection the study is guided by the dynamic theory of public spending taxation and debt and the technological advancement theory an empirical review is also undertaken to link the independent variables to revenue collection and the research gaps arising the study shall adopt a descriptive research design and a case of kra shall be carried out the target population is 500 employees and a sample size of 81 has been obtained for this

matter questionnaires shall be used to gather primary data whereas secondary data shall be obtained from kra the ministry of finance and other relevant entities the data shall then be analysed using ibm spss version 20 0 classified tabulated and summarized using figures summary statistics of the mean and standard deviation percentages and frequency distribution tables a detailed explanation of the data shall also accompany the presentation
