i will begin this book by analyzing the historical and political context for the emergence of managed competition chapter 1 the chapters that follow will list the corporate initiatives that were launched during the 1970s chapter 2 describe the evolutionary changes and expansions they went through during the 1980s and early 1990s in the process of becoming managed competition chapter 3 describe the ways in which managed care systems attempt to regulate the cost of health care services and discuss why they fail to do so chapter 4 describe managed care attempts to control the quality of services and discuss why they fail to do so chapter 5 and conclude with a summary of the book s major points as well as descriptions of some alternative approaches to getting our nation s health care needs met chapter 6

this first edition of this text was the first book to comprehensively survey the challenges in understanding and working with families whose loved ones are critically ill the comprehensive nature of that book served as a state of the art reference in this sphere for a broad spectrum of researchers and clinicians all chapters were authored by established experts in the respective fields providing an overview that has been used both in theory and practice since the first edition s publication the public recognition of the importance of families has increased dramatically as a consequence of the covid 19 pandemic most major decisions in the intensive care unit icu are shared by clinicians and someone other than the patient improving communication between clinicians and these surrogate decision makers has proven hard in multiple clinical trials families suffer too when their loved ones are critically ill anxiety stress and depression are common and post traumatic stress disorder may occur while their loved ones are still in the icu families struggle to understand prognoses and conflicts with the care team occur frequently these conflicts not only injure families but also contribute to health care provider burnout now in its fully revised and expanded second edition families in the intensive care unit reflects lessons learned during the covid pandemic response as well as knowledge gained about family support when families cannot be at the bedside the chapter subjects again reflect a combination of breadth and depth physical and psychological morbidity are explored as barriers to effective decision making as are cognitive challenges the full array of the interdisciplinary and interprofessional team is represented emphasizing the multimodal approach this edition includes administrative considerations for health care management and approaches for training members of the health care team similarly family voices are also represented the complete trajectory of needs of care are addressed including survivorship and end of life care

this book aims to comprehensively address several modern concepts and practices in health care marketing not sufficiently addressed by existing literature this includes the integrated nature of health care marketing operations management it and human resource management increased use of digital technology and social media emphasis on enhancing customer patient experience when strategizing and implementing health care marketing application of modern services marketing concepts to health care marketing mix among others it also addresses recent changes in the u s health care industry some key issues covered are the increase in federal and state government involvement and oversight of health care delivery increase in laws and regulations affecting health care management and marketing growth of specialized health care markets such as medicare medicaid and affordable care act globalization of health care and greater focus on legal and ethical health care marketing practices modern health care marketing is an essential read to understand the integrated nature of health care marketing in the technologically driven customer patient focused and globalized environment it is also a useful reference for professionals to pick up best practices on addressing challenges faced in the modern health care industry

we are in the midst of a global crisis of care how do we get out of it the care manifesto puts care at the heart of the debates of our current crisis from intimate care childcare healthcare elder care to care for the natural world we live in a world where carelessness reigns but it does not have to be this way the care manifesto puts forth a vision for a truly caring world the authors want to reimagine the role of care in our everyday lives making it the organising principle in every dimension and at every scale of life we are all dependent on each other and only by nurturing these interdependencies can we cultivate a world in which each and every one of us can not only live but thrive the care manifesto demands that we must put care at the heart of the state and the economy a caring government must promote collective joy not the satisfaction of individual desire this means the transformation of how we organise work through co operatives localism and nationalisation it proposes the expansion of our understanding of kinship for a more promiscuous care it calls for caring places through the reclamation of public space to make a more convivial city it sets out an agenda for the environment most urgent of all putting care at the centre of our relationship to the natural world
